God Owns My Business by Stanley Tam (36 minutes)

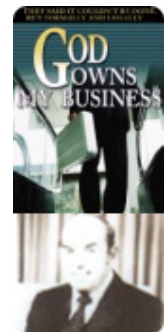

Price: R50.00 (single DVD)

Stanley Tam, at the age of 20 and without college education, became aware of the fact that photographer laboratories were letting 16 tons of silver go down the drain every week, so he started a business collecting the silver but after a couple of days he was broke. He felt that God had something in store for him but wasn't sure what it was...

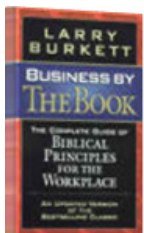

In 1936, as he sought God's will for his life, he desperately prayed and asked God to help him establish his company and that he will honour God through his business. He told his lawyer to draw up a contract that allowed God to be senior partner, a 51% owner of his business through a foundation for ministry purposes.

The company's turnover increased from \$12 000 a year to over \$30 million a year. In 1952 he went to South Korea to speak at the refugee churches as a successful Christian layman. There **his burden for lost souls began to grow and in 1955, speaking on stewardship in South America, he realised that one soul is the greatest value in all the world and that he should make an investment in people's souls rather than material things.** Then he turned his business 100% over to God and he went on salary! In 2000 over \$ 100 million went from the business into the work of the Lord.

Stanley used to speak approximately 125 times a year and his first book, *God Owns My Business*, sold over 400 000 copies.
