

Monthly Focus: March 2010

From the desk of Hendré de Jongh...

March has been a great month in the life of Crown South Africa. We have experienced a steady lift across SA from the financial restraints on people as the recession is slowly lifting and people are once again breathing more easily even amidst the Eskom electricity price increase.

God is a rewarder of those who diligently seek Him. People who have searched for Him and His ways are now reaping the benefits of their actions. The good news is that as they continue to seek Him, the blessing of closeness and living through Him becomes a lifestyle rather than a once off experience.

In Crown SA we have experienced the goodness of God as we followed His voice regarding what we should be doing in these times. We always want to serve His children in the best possible way we can. It is thus a privilege to give you some feedback on our activities during the month of March.

Crown Business Conference

Crown SA will be hosting a **5 city Business Conference** during the month of **May**. We have met with committees across SA to plan for these meetings. The 5 cities that will host the conferences will be **Cape Town, Durban, East London, Kimberley and Johannesburg**. The theme for the conference will be **Secrets of the Kingdom Economy**. Crown Small Group Studies

There are numerous churches that started with the different Small Group Studies across the country! We are receiving wonderful stories of God's grace and provision through the interaction happening in these studies. We would like to encourage all churches and businesses to investigate the possibility of running a small group study in their environment. The small group studies that we have available to assist you in handling life and money God's way are the following:

The Biblical Financial Study (10 week course), **Discovering God's Way of Handling Money** (8 week course), **How Do I Make It To The End Of The Month Seminar** and **Business By The Book** (Small Group Study or Workshop).

Please contact Tracey at **021 975 0226** or info@crown.org.za for more information surrounding these studies...

Thought For The Month

PRACTICE TRUTH (based on Eccl.12:13)
Biblical knowledge itself doesn't change our life, but when we practice it, we gain in our knowledge and insight into His truth. *"If you feel on the verge of a nervous breakdown, lock your house, go across the railroad tracks, find someone in need and do something for him."* – Karl Menninger

It's one of life's great compensations that you can't help one without helping yourself in the process. The Christian life is the skill of living practically in the ways of God.
