

Monthly Focus: July 2010

 From the desk of *Handré de Jongh...* 

The World Cup has brought lots of excitement into South Africa and the vibe across South Africa is very energetic! The big question however is what will the energy be once the final whistle has blown? Life will continue with all its challenges and opportunities... The economy will run its course and things will either go your way, or you will feel that everything is going against you.

I want to encourage you that in God's economy there is no panic or uncertainty! God's standards and operation have stood the test of time. Maybe you should consider moving even more into **His** way of doing things and to get out of **your** way of doing things.

Crown Financial Ministries SA is committed to provide you with all the tools you need to make this transition. For more information on the materials that can help you, please visit us at <http://crown.org.za/ls/southafrica>

 *Book Promotion: Secrets of the Kingdom Economy - Paul L. Cuny*

Citizens of the Kingdom of God can live by the **economic principles that govern His Kingdom**. These principles are not a rigid set of religious rules meant to extract everything from our lives. They are Biblical guidelines God gives to His people so we can be positioned to receive His **wisdom, insight** and **creativity** in every area of our lives, including the marketplace. This is the benefit of citizenship in the Kingdom of God!

When we choose these principles we will function with a **higher level of effectiveness and productivity** because of His anointing. God's secrets, when revealed to His people, will always move us from ordinary lives to the extraordinary! The goal of this book is to help you discover these secrets so you will flourish in the Kingdom Economy. *To order your copy of this book, email Tracey at info@crown.org.za*

 *Ministry with Johnny Louw and Balie Swart*

Crown SA had a great opportunity to minister with **Johnny Louw** and **Balie Swart** at a gathering in Vereeniging with about 1 200 men. *Lifted Up*, one of the short films in the God Provides series, was shown and the film had a huge impact on the men watching! We are very excited to take hands with men and women of God in order to spread the gospel across our country!

Advice of The Month

The **Treasure Principle Workshop** teaches the *joy of giving*. Some Bible studies use guilt as a motivation for giving; this one doesn't. In a dramatic teaching style, this video workshop literally inspires those who watch to learn the principles of giving in a way that causes lasting change! **"See that you also excel in this grace of giving" - 2 Cor 8:7**

GIVING AND SAVING TARGETS

SAVING: Save monthly for your wants & needs rather than only on an ad-hoc basis to strengthen your habit of saving. Spend time with a trustworthy financial planner to establish your goals, investment amounts as well as the correct investment vehicles for those goals.

GIVING: Also set a monthly giving target to help open your eyes to the needs of others around you. *Good financial stewardship means a healthy balance between what you Save, Give and Spend every month!*
