

CROWN FINANCIAL MINISTRIES
SOUTH AFRICA

Monthly Focus: June 2010

From the desk of *Handré de Jongh...*

The **winter season** has arrived in South Africa! Not only has the weather started to change, but also the spiritual climate. The month of May had plenty of opportunity to get involved in some or other spiritual experience, ranging from the **Global Day of Prayer**, **Michael W. Smith** ministering through worship and the very exciting **Crown Marketplace Conferences** that took place in Cape Town, East London, Kimberley, Durban and Johannesburg:

The **Crown Marketplace Conferences** were a huge success across the five cities. The international speakers in the form of **Kurt Buehlmann** from Switzerland and **Jonathan Shaw** from Canada were excellent in presenting the heart of God for the marketplace today! Dr. Mario Denton and myself formed part of the presenting team and a total of 382 delegates gathered across the five cities. The central theme for the conferences were **"THE SECRETS OF THE KINGDOM ECONOMY"**. The call was for marketplace leaders to move into the Kingdom way of thinking and about doing business His way! To view photos of the conferences, please visit our website and click on **Events**. Our Website: <http://crown.org.za/ls/southafrica>

The problem is never upstairs (heaven), the problem is always downstairs (earth). Therefore, sort whatever needs sorting downstairs, as there is total peace upstairs

EMERGENCY FUND VS CREDIT CARD

Start saving for **3 times your Net Salary** in a safe Moneymarket account of your choice. Other investments in equity and property are much more exciting but an Emergency Fund should be your first saving priority to finance emergencies like doctors, dentists, hospitals, panelbeaters, and the list goes on...

In this way, you don't have to totally rely on your Credit Card(s) and the stress that goes with these possible high interest payments! Rather have an Emergency Fund where you can draw interest monthly... **SET YOUR SAVING TARGET TODAY!**
